The Pastor Speaks

"And the Word became flesh and dwelt among us, full of grace and truth; we have beheld his glory, glory as of the only Son from the Father." John 1:14

The most magnificent, mind-boggling thing has happened! The immortal, invisible God has become mortal, visible, tangible and we have beheld his glory, a glory surpassing all imagination. To this Creator of the cosmos, space and infinity are no mysteries; all things inanimate and living must trace their origin, sustenance, and destiny to this power.

Let me tell you about him, though if all were written that could be written about him there would not be room in all the world to contain the books. But let me try to tell you at least something.

In him is life that shows what a person can become. He brings to humanity a new degree of radiance. He is so good there is no accounting for him but to concede that he is divine. A part of our consternation arises from the lack in him of what we had supposed was the indispensable clothing of majesty. We claim him as Lord and Master, but he doesn't "lord" it over us. For all his being so wonderful, he is not acclaimed by his own people. His radiance bursts forth in deep darkness, but the darkness is unable to extinguish it. His radiance is the very unveiling of the nature of the Eternal. It is the offer to us of the power to become what he calls us to be: children of God!

God has shown himself to us in his Son Jesus Christ. It is amazing to me that anyone could hesitate to turn to him and receive the great blessings He has for us. A greater letter of recommendation could not be written - a more inviting offer could not be made. Let us all be what he calls us to be - his children, made in his image, and living by his example.

THE CHOICE TO TRUST IN GOD

Lesson for August 19, 1979

Scripture Reference: II Kings 16; Isaiah 7:1 to 8:22

Focal Passage: Isaiah 8:10-20

Confidence in God!

We usually don't purchase products from companies who do not carry a reputable guarantee. We usually don't go to professionals for services without a sense of confidence in their ability to care for our needs. For example, we will only trust our bodies to physicians in whom we have confidence. Before we can be a friend or neighbor to someone we must establish their confidence in us.

Trust is an important ingredient in any relationship. Without a sense of trust most relationships eventually become stagnant and dissolve. Marriages cannot endure very long without a basic commitment and trust. Children do not grow up to form deep commitments unless they've known trust. Churches and Christians do not progress when there is a basic lack of trust in God's care for his people.

Isaiah was sent by God to King Ahaz to encourage him to trust in the leadership of God. Judah was facing the unholy alliance of Israel and Syria. Isaiah tries to help Ahaz see that if he would only acknowledge a confidence in the Lord, Juah could be spared of defeat and humiliation by her oppressors.

Isaiah addressed the countries of Israel and Syria. He stressed that God would destroy those nations who sought to do battle with Judah. Unfortunately, Judah refused to put her trust in the Lord and formed an alliance with Assyria.

Songs of Confidence!

Many people sing the songs of Zion only as a last resort. Many people turn to faith and confidence in God only as a last ditch effort! Isaiah discouraged those who, in a time of fear and crisis, would seek the help of "mediums and wizards."

In times of unrest and trouble, the occult or religious sect has a strange fascination for many people. Some will forsake the tried and proven in order to try a new remedy or antidote. In desperation, some who are terminally ill will travel the ends of the earth for healing, and understandably so. When troubles are looming over the horizon many wish to flee as far as possible as a means of getting away from that which threatens them.

In the face of fear people will often change boats in the middle of the stream! When things are not going well in the place where we work, the tendency is to begin looking for a better job. When our spouses are not living up to our expectations, we begin to convince ourselves that things are surely greener on the other side of the fence. When things are not going our way at church, we easily remove ourselves to another church down the road or in the next block.

To remove ourselves from unpleasant situations or relationships is to become a part of the problem rather than a part of the solution. It requires much more faith and love to "stick it out" than to withdraw from those problem areas in life. It takes a lot of love and hard work to make a marriage work, because, contrary to popular opinion, good marriages are not made in heaven. If anything, good marriages are made on earth, hopefully with a little of heaven in them!

Isaiah warns King Ahaz that Judah's "marriage" to God will "crumble on the rocks" unless the people exercise faith and confidence in him.

To Bless Or Blast

God is not out to blast us but to bless us! God wants and desires for us to place our trust and our life in his care. Quite often God is the last one to hear from us when we are between a hard place and a rock. At the first sign of serious illness we generally give our physician a call. When life gets sick, or we become sick of life, why not place our confidence in HIM who cares deeply?
